PROFESSIONAL EXPERIENCE

Tychon Solutions Pvt Ltd   **May 2023 - Present**

- Led client engagements at Flexiti by facilitating discussions, gathering business requirements, and translating them into technical specifications for customized payment gateway plugins.
- Developed and implemented tailored payment gateway plugins, ensuring seamless integration with client systems and optimal functionality to enhance user experience.
- Managed and mentored a team of five professionals, fostering a collaborative and high-performance work environment to successfully deliver project objectives on time and within scope.

Sulochana Cotton Spinning Mills Pvt. Ltd   **Dec 2020 - April - 2023**

- Led the Switcher (B2B) project at Sulochana Textiles Pvt Ltd from inception to deployment, overseeing all phases of development and ensuring alignment with business objectives.
- Designed and developed custom plugins to seamlessly integrate with Acumatica ERP, enhancing operational efficiency and data synchronization.
- Implemented DomPdf functionality in WordPress to generate automated, customizable PDF documents, streamlining document management processes.

Micro Incept Pvt Ltd.   **Oct 2018 - Nov - 2020**

- I began my career by building responsive and user-friendly websites using page builders like Elementor and WPBakery, delivering visually appealing and functional designs.
- Customized themes for blogs and e-commerce websites to align with client branding and enhance user experience.
- Gained hands-on experience in WordPress development, including front-end customization, plugin configuration, and troubleshooting to ensure seamless website performance.
